Miguel Anxo Bastos Boubeta

Public policies in outer space: an Austrian perspective
Alfredo Giralda Pavón

15:00 – 16:20
Parallel session 16
Chair: Pablo Yusta
Salón de Grados

The Austrian school of economics' perspective on cooperative firms
Estrella Trincado

Open economic competition is not a zero-sum game; a system of quotas (or coercive barriers), on the contrary, it is
Jorge Bueso

Entrepreneurship and the technological big bang: an Austrian school of economics approach of digital interventionism and the crisis of individual liberties
Antonio Martínez González and Daniel José Gallego Morales

Artificial intelligence leads to liberty: foundations of the liberal order for the transition to superabundance
Pablo Yusta

16:30 – 17:30
Parallel session 17
Chair: Carlos Dávila Núñez
Salón de Actos

The cultural consequences of inflation
Daniel Morena Vitón

Reflections on the coordinating nature of deflation: an analysis based on economic calculation and the regressive theorem
Julián López Garrido and Pablo Andrés Martín-Grande

The school of Salamanca in the Andes: the bibliographic presence of Molina, Lessius, and Lugo in the Jesuit collection at UNSAAC
Carlos Dávila Núñez

Friday, October 23rd, 2026

16:30 – 17:30
Parallel session 18
Chair: Marcella Lins
Salón de Grados

The Milei question, or: how liberal are right-wing populist parties? A measurement approach using large language models
Martin Rode

Unchecked governmental spending as a trigger for more censorship
Sergio Alberich

The economics of television language: scarcity, sign selection, and valuation in American TV series
Marcella Lins

17:40 – 18:30
Youth Liberty Prize session
Salón de Actos

Bearer, permission, discovery: three Austrian arguments against programmable money
Tamerlan Arslanov

When the state writes the code of money
Amen Abebe Gebreyohanes

Programmable money and the abolition of visible failure
Fangyuan Cao

18:30 – 18:45
Salón de Actos

Introduction: Instituto Mises Cono Sur, Santiago de Chile

18:45 – 19:00
Prize ceremony
